Re: Holy Spirit Security Project

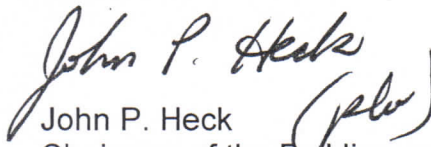

Dear Matt,

On behalf of the entire Holy Spirit Parish I would like to thank you and your crew for their dedication to a safe and successful completion of the installation of the security system at the parish center. The staff members that have to be in the facility afterhours feel much safer. Thank you for working with our parish members and allowing them to pull all of the communication cable.

Your team performed their daily work task in a professional manner. The final product is a first class installation. We made the correct choice by selecting Lappen Security Products and will consider them for future projects.

Thank you again for an outstanding project.

Sincerely,
Holy Spirit Parish

John P. Heck
Chairman of the Building and Grounds Committee
